About Me

Aspiring java backend developer who is passionate about learning new things.I have the ability to translate business requirements into technical solutions. Looking forward to developing products that help in making people's lives better and becoming an integral part of an organization that helps me grow.

Projects

One Stop Solutions 🔗

We created application for Online Service Data Management System named as one stop solutions using the java-8 and spring boot.

Tech stack:
Back End : Spring Boot | JPA with hibernate | MySql | Java 8
Front End : HTML | CSS | JavaScript

Features
- Sign-up and login functionalities.
- Admin can add, view, and update any department and operator.
- Operator can get, modify and close the issues.
- Customer can create, cancel, and reopen the issues.
- Built Admin , Customer , Operator Pages using HTML, CSS, JS.

Areas of responsibility
- Developed Admin module
- Built REST APIs for all CRUD operations for admin.
- Connected backend with frontend using generated API
- Built Admin Login Page , Admin Register Page.

Collaborative project completed in 5 days by a team of 4 members.

Course Monitoring System 🔗

In an educational Institute, there are several courses, faculty, batches, and course plan running parallelly. It is very difficult to manage everything every day simultaneously. To solve this issue, I created an application so that it will be easy to manage and maintain the records.

Tech stack: Java | MySQL | JDBC
Features
- Login for Administration and Faculty.
- Admin can create, view, and update any course, faculty, batch, and course plan.
- Faculty can create only course plan as well as can update his password.

Areas of responsibility
- Developed entire project.
- Developed Admin, Faculty, Course, Course Plan modules.
- Connected application with database.

An individual project, executed in 5 days

Achievements

●	2015	4th Chitransh Singh Football State Cup Champion
●	2015 & 2016	46th/47th KV Regional Football Champion
●	2019	40th Senior Men Handball U.P State Champion
